

**American Samoa iCanConnect
The National DeafBlind Equipment Distribution Program**

Section 1: Instructions and Guidelines

Overview

The National DeafBlind Equipment Distribution Program (NDBEDP) supports local programs that distribute equipment to low-income individuals who are DeafBlind (have combined hearing and vision loss) to enable access to telephone, advanced communications, and information services. This support was mandated by the Twenty-First Century Communications and Video Accessibility Act of 2010 (CVAA) and is provided by the Federal Communications Commission (FCC). For more information about the NDBEDP, please visit <http://icanconnect.org> or <http://www.fcc.gov/ndbedp>.

Who is eligible to receive equipment?

Under the CVAA, only low-income individuals who are DeafBlind are eligible to receive equipment provided through the NDBEDP. Applicants must provide verification of their status as low-income and DeafBlind.

Income eligibility

To be eligible, your total family/household income must be below 400% of the Federal Poverty Guidelines, as shown in the following table:

For purposes of determining income eligibility for the NDBEDP, the FCC defines “income” and “household” as follows:

“Income” is all income actually received by all members of a household. This includes salary before deductions for taxes, public assistance benefits, social security payments, pensions, unemployment compensation, veteran's benefits, inheritances, alimony, child support payments, worker's compensation benefits, gifts, lottery winnings, and the like. The only exceptions are student financial aid, military housing and cost-of-living allowances, irregular income from occasional small jobs such as baby-sitting or lawn mowing, and the like.

A “household” is any individual or group of individuals who are living together at the same address as one economic unit. A household may include related and unrelated persons. An “economic unit” consists of all adult individuals contributing to and sharing in the income and expenses of a household. An adult is any person eighteen years or older. If an adult has no or minimal income, and lives with someone who provides financial support to him/her, both people shall be considered part of the same household. Children under the age of eighteen living with their parents or guardians are considered to be part of the same household as their parents or guardians.

See Section 3 for the family/household income information that must be provided with this application.

Disability eligibility

For this program, the CVAA requires that the term "DeafBlind" has the same meaning given by the Helen Keller National Center Act. In general, the individual must have a certain vision loss and a hearing loss that, combined, cause extreme difficulty in attaining independence in daily life activities, achieving psychosocial adjustment, or obtaining a vocation (work/employment).

Specifically, the FCC's NDBEDP rule 64.6203(c) states that an individual who is "DeafBlind" is:

(1) Any individual:

(i) Who has a central visual acuity of 20/200 or less in the better eye with corrective lenses, or a field defect such that the peripheral diameter of visual field subtends an angular distance no greater than 20 degrees, or a progressive visual loss having a prognosis leading to one or both these conditions;

(ii) Who has a chronic hearing impairment so severe that most speech cannot be understood with optimum amplification, or a progressive hearing loss having a prognosis leading to this condition; and

(iii) For whom the combination of impairments described in . . . (i) and (ii) of this section cause extreme difficulty in attaining independence in daily life activities, achieving psychosocial adjustment, or obtaining a vocation.

(2) An individual's functional abilities with respect to using Telecommunications service, Internet access service, and advanced communications services, including interexchange services and advanced telecommunications

and information services in various environments shall be considered when determining whether the individual is DeafBlind under . . . (ii) and (iii) of this section.

(3) The definition in this paragraph (c) also includes any individual who, despite the inability to be measured accurately for hearing and vision loss due to cognitive or behavioral constraints, or both, can be determined through functional and performance assessment to have severe hearing and visual disabilities that cause extreme difficulty in attaining independence in daily life activities, achieving psychosocial adjustment, or obtaining vocational objectives.

Who can attest to a person's disability eligibility?

A practicing professional who has direct knowledge of the person's vision and hearing loss, such as:

- Audiologist
- Community-based service provider
- Educator
- Hearing professional
- HKNC representative
- Medical/health professional
- School for the deaf and/or blind
- Specialist in DeafBlindness
- Speech pathologist
- State equipment/assistive technology program
- Vision professional
- Vocational rehabilitation counselor

Such professionals may also include, in the attestation, information about the individual's functional abilities to use telecommunications, Internet access, and advanced communications services in various settings.

Existing documentation that a person is DeafBlind, such as an audiogram, vision records, individualized education program (IEP) or a Social Security determination letter, may serve as verification of disability. These items will be requested.

See Section 3 for the disability attestation information that must be provided with this application.

- Veterans and Survivors Pension Benefit

If none of the above applies, mail or fax a copy of last year's Federal IRS 1040 tax form(s) filed by you and members of your family/household or send other evidence of your total family/household income, such as recent Social Security Administration retirement benefit statement(s) or other pension benefit statement(s).

Note: income eligibility is valid for one year.

Section 3: Applicant's Attestation regarding Disability and Income Eligibility

I certify that all information provided on this application, including information about my disability and income, is true, complete, and accurate to the best of my knowledge. I authorize program representatives to verify the information provided.

I permit information about me to be shared with my state's current and successor program managers and representatives for the administration of the program and for the delivery of equipment and services to me. If I move and apply to any other state iCanConnect program, I also permit all state iCanConnect program(s) I participated in to send my program records to any other state iCanConnect program I apply to. I also permit information about me to be reported to

the Federal Communications Commission for the administration, operation, and oversight of the program. If I am accepted into the program, I agree to use program services solely for the purposes intended. I understand that I may not sell, give, or lend to another person any equipment provided to me by the program.

If I provide any false records or fail to comply with these or other requirements or conditions of the program, program officials may end services to me immediately. Also, if I violate these or other requirements or conditions of the program on purpose, program officials may take legal action against me.

I certify that I have read, understand, and accept these conditions to participate in the National DeafBlind Equipment Distribution Program (NDBEDP).

Section 4: Professional Certification

One healthcare professional must sign the application. By signing below, you certify you have direct knowledge of the applicant’s vision and hearing loss.

For this program, the CVAA requires that the term "DeafBlind" has the same meaning given by the Helen Keller National Center Act. In general, the individual must have a certain vision loss and a hearing loss that, combined, cause extreme difficulty in attaining independence in daily life activities, achieving psychosocial adjustment, or obtaining a vocation (working).

Specifically, the FCC’s NDBEDP rule 64.6203(c) states that an individual who is “DeafBlind” is:

- (1) Any individual:**

(i) Who has a central visual acuity of 20/200 or less in the better eye with corrective lenses, or a field defect such that the peripheral diameter of visual field subtends an angular distance no greater than 20 degrees, or a progressive visual loss having a prognosis leading to one or both these conditions;

(ii) Who has a chronic hearing impairment so severe that most speech cannot be understood with optimum amplification, or a progressive hearing loss having a prognosis leading to this condition; and

(iii) For whom the combination of impairments described in . . . (i) and (ii) of this section cause extreme difficulty in attaining independence in daily life activities, achieving psychosocial adjustment, or obtaining a vocation.

(2) An applicant's functional abilities with respect to Telecommunications service, Internet access service, and advanced communications services, including interexchange services and advanced telecommunications and information services in various environments shall be considered when determining whether the individual is DeafBlind under . . . (ii) and (iii) of this section.

(3) The definition in this paragraph also includes any individual who, despite the inability to be measured accurately for hearing and vision loss due to cognitive or behavioral constraints, or both, can be determined through functional and performance assessment to have severe hearing and visual disabilities that cause extreme difficulty in attaining independence in daily life activities, achieving psychosocial adjustment, or obtaining vocational objectives.

I certify under penalty of perjury that, to the best of my knowledge, this individual is DeafBlind as defined by the FCC as above and as previously referenced in Section 1.

Please state how you are familiar with each of the applicant's hearing and vision loss, AND the applicant's combination of hearing and vision loss, as defined in the FCC's NDBEDP rules listed directly above.
